New Gasoline John Deere 300 Series Connecting Rod Bearings.

Reliance is pleased to announce the availability of connecting rods bearings for gasoline 300 Series Engines. These engines were produced in the sixties and included the 3-152, 4-202, 6-303, 3-164, 4-219, and 6-329 engine models. Since the main bearings are the same as the diesel engines, Reliance Distributors will be able to service all of the 300 Series gasoline engine bearing requirements.
