Cummins® 6C Gasket Sets.

Reliance Parts Corp. is pleased to announce the availability of gasket sets for 6C Cummins applications. Shown below are the part numbers now available from inventory.

Part Number	Description	Engine Application
K34025271	Head Gasket Set	6C Cummins

We have taken great care to insure that these gasket sets are the most complete and the highest quality available in the aftermarket. There are many C series engines being overhauled. Be sure to add these fast moving gasket sets to your next stocking order.
