Kubota® Overhaul Kits.

Reliance Parts Corporation is pleased to announce the availability of Kubota overhaul kits, available in standard, .20mm and .40mm oversizes. The overhaul kits contain: main bearings, connecting rod bearings, cylinder head gasket set, and conversion gasket set. The required piston assemblies are not included in the overhaul kit and should be ordered separately. To order overhaul kits with undersized bearings, add -10 for 20mm undersized bearings and -20 for .40mm undersized bearings.

The overhaul kit part numbers are as follows:
